

The Balance Sheet - September 2019

In this issue:

- IRD - Moving on from Cheques
- Innovate
- Anti-Money Laundering Legislation
- Online Scams

IRD - Moving on from Cheques

From 1 March 2020, Inland Revenue will no longer be accepting cheques if customers have an alternative payment option available. This includes post-dated cheques (cheques dated after 1 March 2020).

There are many different ways to pay - electronically or in person. For more information

visit <https://www.classic.ird.govt.nz/makepayment/>

Innovate

We are proud to again be a sponsor of Innovate. We have supported Innovate over the last few years with Jason, Mike and Rahui being part of the mentoring and judging panels. Entries have closed for this year with the selected Top 20 working on their pitches which they will present to the mentors later this month. For more information visit www.innovate.kiwi

Anti-Money Laundering Legislation

Following new Anti-Money Laundering Legislation coming into effect last October we have been contacting clients to obtain the relevant information we require to comply with this new legislation. Thank you to everyone who has provided this information. If you have received an email requesting this information and are yet to provide it, we would appreciate if you could attend to this as soon as possible. If you require any further information, contact Diane on 06 353 6901 ext 729.

Online Scams

There are still a number of online scams doing the rounds. Here are some tips to protect yourself:

- Be cautious about emails asking you to update or verify your details online
- Ignore any emails asking you to provide personal information like passwords, or banking information
- Only open email attachments when you're expecting them, even if you know who the sender is
- Be cautious of emails saying you've won prizes from competitions that you don't remember entering
